 **4. What did you learn through this course?**

7 respondents

about the structure of the European Union, its institutions, and the importance of the Rule of Law. I also deepened my understanding of migration and asylum policies, the hierarchy of legal sources within the EU, and the concept of shared responsibility among the Member States.

I learned more about the work of each institution of the UE and about the main issues and troubles that UE faces

combination of theoretical explanations, and real experiences

A deeper understanding of the EU and the work done here.

That the EU is not as stable peaceful or solvent as I thought, however it is a union that is attempting to promote human rights and preserve equality and the environment with integrity

More of an understanding on how European Parliament works

A wider view of the subject matter

What did you prefer about the 5. course? What activities were the more significant for you?

7 respondents

The trainer's animation? 203 points

The visits of the European institutions? 197 points

The debates in the classroom? 190 points

The reusable resources? 110 points
